### **A trip I will never forget**

6 years ago, my parents gave me a big surprise on my birthday. They booked a hotel in Macau. We spent 3 days on this trip. That was the first time I had left Hong Kong to travel. It took 1 hour to reach Macau by Turbojet Ferry.

We enjoyed the buffet lunch in Galaxy Hotel. The waiter gave me a birthday cake. I was very happy. Then we visited the St. Paul Ruins and Senado Square. Those beautiful views made us feel that we were in Europe.

The next day, we went to the racing car museum. There were more than 20 formula racing cars in this museum. My dad and I sat on the most beautiful

ones and took a lot of photos. This experience was amazing!

This trip was unforgettable because the food was good. Besides, the Macau people treated us so well. I want to visit Macau again in my next birthday.
