

# An Outing With My Family

(4D Nick Wang)

It was a sunny day last weekend. The weather was great and the air was fresh. I went on a picnic with my family.

When we arrived, we cleaned a barbecue grill and started to barbecue. We enjoyed the food very much. It was delicious. I loved chicken wings and my sister loved sausages. My sister, Pam wanted to play and she said, "Let's play badminton and fly a kite." Pam and I were playing badminton while Mum was taking video for us. We were very excited.

Suddenly, it rained. Pam and I were unhappy. We were worried about if we could continue to barbecue and play. Dad took out a large umbrella to make a shelter for us. Fortunately, we could continue to barbecue because the rain stopped after a while.

After that, we enjoyed the delicious food and beautiful view. It was an exciting day.
