

My favourite season

By Tse Lap Yin Amy (2A)

My favourite season is winter. The weather is usually cold and dry.

In winter, I like eating hotpot at home. I usually eat ice cream with my family and friends. I wear a coat, a scarf, a cap and boots.

I also like playing in the snow in the park. I usually go to the library with my family.

I feel happy in winter because I like eating hotpot. I like winter very much.
