Rainy

Today was a bad day for me.

We went to the country park. The weather was sunny and the air was fresh. When we arrived the country park, it was starting to rain. Miss Chan told me to take out the umbrella but I forgot to bring it.

Miss Chan was angry and she scolded me. She told us to take a rest under the shelter but I did not listen to Miss Chan. I ran out of the shelter.

I got all my body wet. I had a runny nose and a cough. Miss Chan sent me to the clinic.

I learnt that I should listen to the teachers.

Rainy

Today, I had a bad day because I was sick.

First, Miss Chan took us to a country park. The weather was sunny. We were very happy.

Suddenly, it rained. We forgot to bring an umbrella. We were upset.

Then, we found a shelter. We took a rest under the shelter. While they were eating their food, I was going out the shelter to play football.

Few minutes later, I went to the shelter. I was wet. I had a runny nose and cough.

At last, we waited for the rain stopped and we left the country park. Miss Chan took me to the clinic. The doctor said I had a cold and must take some medicines. I was upset to take medicine.

I will not play out when it rains.
