

Shopping for Mum's birthday

It is the 10th of May today. Quintus asks, 'When is Mum's birthday?' Amy says happily, 'Today is Mum's birthday. Let's go to a shopping mall and buy a gift for her.' Quintus says, 'Shall we prepare a birthday party?' Amy says, 'Okay!' Then they go to Happy Shopping Mall.

When they arrive at Happy Shopping Mall, they go to a clothes shop. Quintus picks up a dress and asks the shopkeeper, 'How much is this dress?' The shopkeeper says, 'It's seventy dollars.' Then Quintus says, 'I have fifty dollars only.' Amy and Quintus are unhappy.

Luckily, they find a \$20 coupon so they can buy the dress. They are happy and then they go home. That night, they have a birthday party for their mum. They eat a birthday cake. They say, 'The cake is yummy!' They give the dress to their mum. When Mum opens the box, she says, 'Oh! It is a dress. I like it.'
